

## Meta Magic of Photoshop workshop for Visual Communication students

The students of Bsc Visual Communication and Multimedia Technology of Communication and Media Technology Department had an informative workshop on meta magic of photoshop which was lead by Dr Sam Vinay rao, renowned academician and animator .The Meta Magic Photoshop workshop aimed to explore advanced and innovative techniques within the realm of digital art using Adobe Photoshop. In this workshop students brought together eager to enhance their skills and delve into the magical world of creative possibilities.

Students learned a great deal about photoshop,It's uses and variety of tools and their uses in a live photo editing demo. Attendees engaged in hands-on sessions, applying the learned techniques in real-time. Guided by experienced Dr sam, participants worked on individual projects, experimenting with concepts to produce unique and imaginative digital artworks.
