

## ***Media Department conducted Radio Workshop to Nurture Broadcasting Skills***

The Department of Communication & Media Technology conducted a Radio Production Techniques Workshop. The Radio Workshop was designed to provide participants with hands-on experience and insights into various aspects of radio #broadcasting. The workshop was conducted under the supervision of □□ □□□□ □□□□□, Assistant Professor of the department.

The workshop was well-planned and organized by the senior members of the Radio team of the department. The workshop was conducted for newly selected radio team members. More than 30 students participated with full of enthusiasm. The senior members delivered various practical sessions on topics like The Art of Voice\_Acting, Audio\_Editing, Graphic\_design, and Content\_Writing. Students got extensive hands-on experience and got an insight into the internal workings of Radio Production.
